

## **Eucob@ - Cob@n meeting 7 December 2006**

Proposals for closer cooperation EMF - ETUF-TCI – EMCEF in the field of collective bargaining

### **Agenda:**

#### ***1. practical: exchange of data***

- a. Three annual reports for the three organizations and making these three reports available to all three organizations and to all correspondents from the three organizations
- b. The three organizations compare on a regular basis their reporting systems, their questionnaires and all other elements of the network.
- c. In view of the need for rapid information on certain issues, we should introduce the system of early alert / day-by-day rapid information on collective bargaining rounds, collective bargaining results, sensitive multinational company level negotiations, restructuring, general economic and social issues for the three organisations
- d. Need to integrate the sensitive Multinational level negotiations in the reporting system.
- e. Make the website archives on the early alert system available to the correspondents of the three organizations - password

#### ***2. structural: possible integration of network (exchange of direct information – links in email)***

- a. create under a common recognizable logo a direct link to the network sections on each website
- b. Integrate, if deemed possible, the email groups of the correspondents of the three organizations, in such way that all correspondents receive at the same moment all information.

#### ***3. visibility: name and logo***

In order to improve the recognizability of the system and the visibility of the cooperation we should in the future use one name for the three organizations and one logo. The EMF will make some practical proposals about the logo. The name could be:

***EUCOB@N***  
***European Collective Bargaining Network***
