WORKERS' PROTEST IN SARAJEVO – call for help

Dear Colleagues,

As you have already been informed, the Union of Independent Trade Unions of Bosnia and Herzegovina is organizing a public protest to be held on **25th June 2008**, beginning at 11:00 a.m. in front of Federal Government of Bosnia and Herzegovina because this Government did not respond to our requests.

Our demands:

- ✚ Regulate minimum price of work per hour according to Collective agreement of Federation of Bosnia and Herzegovina
- ✚ Demand from Federal Government to adopt: Amendment on Act of privatization
- ✚ Connect labour internship for all workers who lose their jobs in firms that are now privates and this workers are now in industrial trade.

From this protest workers are expecting improvement of working conditions and it will be as a new start for many of them.

Any help will be greatly appreciated and we are thankful on your continuous support.
