

**To the General Secretary of EMF  
To all EMF affiliates**

**Dear Colleagues,  
Mr. Peter Scherrer,**

**The Executive Board of “NF Metallurgy” CL “Podkrepa” and all our members of the industry with great disappointment we want to inform you, that despite the enormous efforts and successful actions in organizing protests by workers, which we made for the assertion of our rights under applicable laws of the country to save Kremikovtzi Corp. and retention of people, remain without success to the world!**

**The lack of clear policy statesmanship by several governments for the present put a formidable situation for Bulgarian economy. And the results of workers in the plant and all companies associated with „Kremikovtzi” become a catastrophic disaster.**

**There is no hearing from several months to the present any of our reasoned requests to save Kremikovtzi by the Ministry of Economy and the Government of serious consequences from the closure of the plant and doom of famine, poverty and the impasse of thousands of Bulgarians!**

**Remain deaf, blind and indifferent bodies obliged to seek the responsibility of vultures attacking the Company, evacuate all the sap of the largest steel company in our country! To manipulate public opinion with false concern to citizens and taxpayers setting (and we're such) against Kremikovtzi AD. All we are convinced that there are ways to solve problems related to the prosperity of the plant and we do not want them to be solved through liquidation of the Company. The proof of this is thousands of protesters, headed by the flag of Unions and in a tricolor with us! Nobody is going to blame us, that would preserve the company to protect the bread of our families, and thus to preserve their dignity as hardworking and fighting people!**

**We are sure the support that we will receive from you will give us new strengths and confidence to continue the fight to the end!**

***All “Kremikovtzi” workers will appreciate highly your letters of support and solidarity!***

***Send them to Tsvetelina Boneva***
